Linking words 1

ADDITION LINKING WORDS

In addition, furthermore and moreover

We use these words to add extra information that supports or continues a previous idea.

What happened today on March 11th 2011?

In addition, furthermore and moreover

Three examples

1 The tsunami that struck Japan on March 11th, 2011 knocked out the power supply at the Fukushima Daiichi nuclear plant. > C	**A Furthermore**, many towns in the area remained largely empty for years because residents were unable to return.
2 Following the disaster, the Japanese government ordered a large-scale evacuation of people living near the power plant. > A	**B In addition**, powerful explosions destroyed the roofs and walls of some of the reactor units.
3 Hydrogen gas built up inside several reactor buildings after the cooling systems failed. > B	**C Moreover**, the failure of the cooling systems caused several nuclear reactors to overheat and melt down.

Moreover

1 C

The tsunami that struck Japan on March 11th, 2011 knocked out the power supply at the Fukushima Daiichi nuclear plant. Moreover, the failure of the cooling systems caused several nuclear reactors to overheat and melt down.

Furthermore

2 A

Following the disaster, the Japanese government ordered a large-scale evacuation of people living near the power plant. Furthermore, many towns in the area remained largely empty for years because residents were unable to return.

In addition

3 B

Hydrogen gas built up inside several reactor buildings after the cooling systems failed. In addition, powerful explosions destroyed the roofs and walls of some of the reactor units.

PRACTICE

Try to add a second sentence to these three ideas using moreover, in addition or furthermore

1 Renewable energy is becoming increasingly important in many countries around the world.

Moreover, it helps reduce pollution that harms animals and their habitats.

Furthermore, countries are investing more in solar and wind power to reduce carbon emissions.

Furthermore, many companies invest in building resources.

Moreover, this energy might make all these countries participate in potential missions to other planets in the future.

Furthermore, it can help governments reduce energy costs in the long term.

EXAMPLES

Renewable energy is becoming increasingly important in many countries around the world. Moreover, governments are investing heavily in solar and wind power to reduce their dependence on fossil fuels.

Nuclear power provides large amounts of electricity without producing carbon emissions during operation. Furthermore, it can generate energy continuously, unlike some renewable sources that depend on weather conditions.

Global warming is already affecting weather patterns in many parts of the world. In addition, rising sea levels are threatening coastal cities and low-lying islands.

Linking words

Addition	**Contrast**
Furthermore	However
In addition	Nevertheless
Moreover	Nonetheless
Alternatives (less formal)	**Alternatives (less formal)**
Also	Even so
Additionally	Still
As well	Yet

On this day

Do you know what happened on March 11th 2020?
