

Activity Type

Writing, listening and speaking activity, group work

Language Focus

Second conditional

Aim

To write matching answers for hypothetical situations using the second conditional.

Preparation

Make one copy of the worksheet for the class. Also, provide slips of paper for each student.

Level

Pre-intermediate

Time

40 minutes

Introduction

In this captivating class activity, students try to write matching answers for hypothetical situations using the second conditional. This activity has been adapted from 'Hot Seat' by James Kealey and Donna Inness.

Procedure

Divide the class into teams of four or five. Each team should have the same number of students. If there are any leftover students, they can ask the questions or help to keep score.

Give each student some slips of paper.

Choose one student in each team to be the contestant. The other students in the team are panel members.

Have the panel members sit together. The contestants sit in a row at the front of the class.

The teacher or leftover students read the first question from the worksheet.

Each contestant writes an answer to the question and keeps it secret.

The panel members each write the answer that they think their contestant wrote.

The contestants then hold up or read out their answers one by one.

Panel members are then asked to hold up or read out their answers.

For each matching answer, teams receive one point.

This process is repeated until all the questions have been answered.

The team with the most points at the end of the game wins.
