6. Are you currently taking any regular medication? Underline ONE answer.

Yes, please list below No

If yes: _____

Section 3 — Written Responses

1. Why are you registering with this GP surgery, and how long have you lived at your current address?

I am registering with this surgery because I recently moved to this area of Cardiff and no longer live close enough to my previous GP. I have been living at my current address for approximately three months, having relocated from Newport for work. I would like to register as soon as possible so that I have access to local healthcare services.

2. Are there any ongoing health conditions or past medical history that you feel the doctor should be aware of?

To the best of my knowledge, I do not have any serious medical conditions or chronic illnesses. I had minor surgery on my left knee in 2018, but this has fully healed and does not currently cause me any problems. I am not aware of any allergies to food or medication.

3. Is there anything else you would like the surgery to know about your health or personal circumstances?

There is nothing further I would like the surgery to know about my health at this time. However, I would appreciate it if appointment reminders could be sent by text message, as this is the easiest way for me to manage my schedule. I will update the surgery promptly if my circumstances change.

What makes this answer good:

- All Section 2 choices are consistent with each other and with the Section 3 answers (recently moved, no ongoing conditions, prefers text messages)
- Written answers give specific, believable detail (dates, places, a past minor procedure) instead of vague statements
- Formal, factual tone throughout — appropriate for medical information
- Q3 closes politely rather than leaving the answer empty
- No contractions anywhere in the written responses
